

## **GALCON & KETTLES** ..... ARE SYNONYMOUS

- GALCON KETTLES are made of special grade steel which stays almost un-affected by molten zinc corrosion.
- GALCON KETTLES are welded using a specific process developed by Galcon Engineering Pvt. Ltd
- GALCON KETTLES contribute minimal dross from the kettle body to bath bottom.
- GALCON KETTLES are aero-dynamically designed to achieve maximum heat transfer evenly.
- GALCON KETTLES are stress relieved using latest Sub-harmonic Technology
- GALCON KETTLES use Anti-Bulging Technology and reverse cambering to maintain its shape althrough it's life.
- GALCON KETTLES are Warranted against Pre-mature Puncture, Crack, Bulging, and welding failure
- GALCON KETTLES ARE THE BEST, GO FOR IT.....
